短文聽讀

Cooper is depressed (心情沮喪) because he thinks Nana and Dean are seeing each other. But Cooper shows up in front of Nana's dormitory (宿舍) anyway, because he promised her that they were going to the bookstore. Cooper doesn't want his emotions to affect his brief meeting with Nana, so he changes the topic of their conversation to lighten his mood. Before they part ways (分手), Cooper offers to help Nana with her application (申請) to his department. In so doing, Cooper will have more opportunities (機會) to see Nana again in the future.
